

# Engineering Professor Pipes at Penfield

Pilgrimage to Penfield  
Penfield, Georgia  
October 2, 2009

Jack Mahaney, chairman of the Mechanical engineering department, joins students on the annual Pilgrimage to Penfield.

Professor Mahaney has always loved the bagpipes, and has been playing for five years. He is the faculty advisor of Mercer University Pipes and Drums (MUPD).

Students will visit the gravesite of Jesse Mercer where Mahaney and others will play quietly, culminating with one of the most loved hymns, *Amazing Grace*. Other activities are planned, and during the fireworks they will play Mercer's Alma Mater.
